

In EYFS, we are looking at the Early Adopter Curriculum. Our teachers are looking how to make sure that our learning is matched to the new curriculum.

In KS2 all our teachers are getting better at teaching shared reading – this will develop our comprehension skills and vocabulary

In EYFS and KS1, we want to get better at Phonics. We are following the letters and Sounds Scheme. Our teachers are making sure that they have a consistent approach to teaching phonics.

We want to make sure that we are all resilient and happy with a positive self-image. Our teachers are going to help us by focusing on the new PSHE and RSE curriculum.

In reading we want to read lots of books and get better at reading fluency

What are we doing to improve
our school this year?
2020 - 21

All our teachers are going to get better at teaching, so that our outcomes will be even better in RWM.

They are going to use Rosenshine's principles as a starting point to make sure our lessons are the

We are going to get better at Grammar. Our teachers are learning how to use Rainbow Grammar to construct sentences – this will help us to become better writers.

Our school governors will be working hard to make sure that they are helping us to become a more effective school than we already are. They will be monitoring and visiting school regularly.

We need to get better at coming to school every day and arriving on time. School will be working with our families. If we are not at school or not on time, we are missing lessons and not learning.

We are continuing to get better at Maths – We are going to use Manipulatives to help us learn. Our teachers are going to get lots of training on this.

We're going to make sure that all our teachers get training and support to help them become really good subject leaders in school, so that our curriculum can be really exciting and fun. This will help us to enjoy our learning more.

School Matters!

Attend Today, Achieve Tomorrow

In Y1, F2 and F1 – we are getting training on Tens Frame and Maths Fluency Project. This will help us get better at maths.
