

COVID SYMPTOMS AT HOME FLOW CHART

CORONAVIRUS UPDATE!

Guidance is constantly being published and the media is reflecting rising numbers of coronavirus cases. If your child has ANY coronavirus symptoms they should **NOT** come to school and you should get a test.

NO ONE SHOULD COME INTO SCHOOL IF THEY FEEL THEY HAVE SYMPTOMS OF CORONAVIRUS:

- New, continuous cough
- High temperature
- Loss of taste or smell (anosmia)
- Shortness of breath

If you are not sure—use the symptom tracker <https://111.nhs.uk/covid-19/>

Stay in contact with school.

IF ANY MEMBER OF THE HOUSEHOLD HAS CORONAVIRUS SYMPTOMS—YOU MUST ARRANGE A TEST FOR THAT CHILD / ADULT. THE ENTIRE HOUSEHOLD MUST REMAIN OFF SCHOOL AND WORK UNTIL YOU HAVE A NEGATIVE TEST RESULT.

FLU VACCINATION—OPT IN ONLINE!

Information has been emailed to you this week about your child receiving the flu vaccination nasal spray. We strongly advise parents to **OPT IN** to this. You have to do this **ONLINE**. Contact the school office if you have any questions.

SOCIAL MEDIA COVID-19 UPDATE!

This is an anxious time for lots of us. As a school we have clear systems and procedures in place to reduce the spread of coronavirus.

Parents will be given advice if they feel their child is showing coronavirus symptoms to get tested.

We advise you to consider the posts you may make on social media so that whatever you do share does not unduly alarm other parents or members of our school community.

If school are made aware of a **POSITIVE** coronavirus test result, swift action will be taken. We will contact the LA and the Local Health Protection Team and complete a rapid risk assessment and plan of action to take. We will always keep parents informed with accurate information as and when we have it.
