

English:

Tyger— The children will writing a story based on Tyger by SF Said.

Globalisation— The children will be writing persuasive arguments based on globalisation, fair trade and the impact of food miles on the price and fairness of food.

Science: Living things and their habitats

This half term, the children will be learning all different animals and plants.

The different types of animals including vertebrates and invertebrates.

The differences between mammals, birds, fish and in-sects.

How to categorise different animals and plants using criteria..

Maths

At Snape Wood we follow the White Rose approach.

Autumn : The children will focus on;

Statistics

Shape

Problem solving

Creature Comforts

Rationale, Hook and Final Celebration:

This half term is focussed on living things and their habitats. This will predominantly through science with key questions such as, how can we categorise living things? How do we know something is alive?

This will be complemented in in science with bread baking and investigations on using natural and brewers yeast to make bread.

Children will end the unit by growing their own microorganisms (mushrooms), designing a dish that combines a yeasted and funghi product before creating and sharing it with parents.

Texts:

Snape Wood PRIDE and the World (PSHE)

This half term pupils will be learning about 'Being my Best' in PSHE. They will be particularly reflecting on the PRIDE values of Positive Attitude, Respect and Determination to showcase how they can be their best selves.

They will initially focus on their dreams and aspirations before moving onto learning about First Aid and how we can demonstrate empathy by focussing the wellbeing of ourselves and others .

Art, Design, Music and Computing:

Art and Design

Oak class will be using textures to create 3D sculptures. They will use shape and space to create effective compositions and know how to apply their own ideas, and those of others, to create other art forms.

Music

For music this half term, the children will be song writing using glockenspiels.

In computing, children will be designing and coding their very own website.

Topic—History:

Oak class will be learning about World War 2. After learning about its causes before half term, they will learn about how it was fought, the struggles of ra-tioning and how the Battle of Britain changed the tide of the war for Britain.

The children will also focus on local history, vising Blenheim Park which was a vital

airfield during World War 2.
